Capabilities Statement

About OndoTec

OndoTec Incorporated is a Veteran-Owned, VSBE- and SBR-certified IT professional services firm headquartered in Prince Georges County, Maryland, with a solid past performance history for service delivery and customer satisfaction.

For over two decades, we've helped public and private sector clients architect, implement, and support the technologies that power their missions. Our past performance includes work for federal and regional government agencies, utilities, prime contractors, non-profit and private corporations in the U.S., Africa, Asia and the Caribbean.

Core Competencies

OndoTec helps customers meet their technology objectives by providing the resources to meet their short and long term IT requirements related to the following:

-  **IT Infrastructure Modernization**
-  **Cloud Integration**
-  **Cybersecurity**
-  **IT Operations & Managed Services**
-  **Value-Added Reseller (VAR)**

Differentiators

Veteran Discipline. Small Business Agility. We bring the operational precision of a military mindset with the flexibility of a nimble small business.

Proven Prime/Subcontractor Experience. We've successfully led public and private sector projects—delivering both technical outcomes and compliance peace of mind.

Customer Commitment. Our approach is always customer-first. We listen. We align. We deliver.
